

Seminary Publication Gets a Facelift and a New Name

After five years of *Dialogue*, St. Vincent de Paul Regional Seminary's semi-annual publication is getting a facelift and a new name. "In lieu of the fact that there are three other publications with the same name, coupled with the lack of name recognition that the publication provides, it was decided that changes needed to be made," said Msgr. Keith Brennan, Rector and President.

Many of our donors and supporters may have noticed the publication taking on a new look in the Fall 2011 edition. The next step is the name change. *St. Vincent's*, will be unveiled in February, 2012. "We hope the St. Vincent de Paul family will be as excited as we are," said Brennan. The new *St. Vincent's* will be distributed to over 4,000 donors, supporters and friends of the seminary in Florida and beyond. All previous issues of *Dialogue* can be downloaded at www.svdp.edu.
