To St. Vincent de Paul Regional Seminary,

10/4/07

We were given an order to print the Summer 2007 edition DILAOGUE Newsletter for St. Vincent de Paul Regional Seminary in June of 2007. We in turn **outsourced the entire job** to the "Printers Printer" of Pompano Beach, FL who is a wholesale commercial printer to the printing trade. The artwork and text that St. Vincent de Paul Regional Seminary provided to us DID NOT include any inappropriate ads, material or pages. The proofs which were provided to us from the Printers Printer did not include any inappropriate ads, materials or pages. The issue DILAOGUE were also mass mailed by The Printer's Printer for us on behalf of our client St. Vincent de Paul Regional Seminary.

We feel terrible about any problems that may have been caused for St. Vincent de Paul Regional Seminary.
